

GSI Technology to Participate Virtually in the 27th Annual Needham Growth Conference on January 17, 2025

December 6, 2024

SUNNYVALE, Calif., Dec. 06, 2024 (GLOBE NEWSWIRE) -- **GSI Technology, Inc. (Nasdaq: GSIT)**, the inventor of the Associative Processing Unit (APU), a paradigm shift in AI and HPC processing providing true compute-in-memory technology, today announced that management is scheduled to virtually participate in the 27th Annual Needham Growth Conference on January 17, 2025. On behalf of the company, Lee-Lean Shu, Chairman and Chief Executive Officer, and Didier Lasserre, Vice President of Sales and Investor Relations, will deliver a company presentation at 1:30 p.m. Eastern time on January 17 in Virtual Track 2 and host one-on-one virtual meetings the same day.

For more information about the conference or to schedule a virtual one-on-one meeting with GSI Technology, please contact your Needham representative. Please note that Needham reserves the right to adjust a company's meeting schedule, including its presentation time. It is recommended that participants confirm all meeting times with the conference organizers.

A webcast of GSI Technology's presentation will be available on the company's website under the Events and Presentations tab:
